## **Two Seasoned Perspectives: Teen Life in 2010 at Redmond Junior High**

You probably realize times have changed a great deal since you were a teenager. Come hear **RJH Principal, Prato Barone**, and **Ken Wong, Director of Teen Programs for the City of Redmond**, present what they see, what they have learned through years of personal experience as parents and working supervising students, and what they recommend parents do to support their students during these rapidly changing developmental years. This presentation will address:

- Who influences our students? Peers, friends, parents, other adults & the media
- The impact of the “newer” media – cell phones, text messaging, social networking sites (Facebook & MySpace), YouTube and gaming
- Challenges facing students
- Communication strategies that keep the lines of communication open & foster independent decision making

**Recommended for all parents of students at Redmond Junior High**

This program is sponsored by the Redmond Junior High PTSA
